

BUYER LOYALTY PROGRAM FOR FY25-26 EARN MORE AS YOU BUY MORE!

Welcome to 'L&T-SuFin Laabh', L&T-SuFin's exclusive Buyer Loyalty Program

At L&T-SuFin, we value the relationships we build with our buyers. To express our gratitude for your continued partnership, we're excited to introduce L&T-SuFin Laabh – a program designed to reward your loyalty with cashback incentives for your purchases on L&T-SuFin.

How It Works:

L&T-SuFin Laabh is a straightforward program. You earn cashback based on a percentage of the cumulative Gross Merchandise Value (GMV) of products purchased on L&T-SuFin. The more you buy, the more you earn!

Cashback is disbursed quarterly, and here's how it's calculated:

Sr No.	Product Group	GMV Qualification Threshold (in last Quarter) (INR) (Min Amount of cumulative transaction amount in a quarter to qualify for cashback)	Cashback (% of GMV in last Quarter)	Cashback Threshold Amt (INR)
1	Preferred Product Group	5L	0.50%	2,500
2	Other Products	50L	0.10%	5,000

Please refer this document for list of products under '**Preferred Products**' group.

Cashback would be given out at the beginning of every quarter based on the last quarter's performance.

Eg. Let's consider a scenario:

For example, if your total invoice amount for all completed transactions done in 'Preferred Products' group in the last quarter is INR 50L, then the cashback amount would be 0.5% of INR 50L ie. INR 25,000.

Let's consider another scenario where an Entity completed 4 transactions in the last quarter -

1. One transaction in '**Preferred Products**' group worth INR 20L and
2. Three transactions in '**Other Products**' group worth INR 50L

We would consider Cashback separately for both the product groups -

1. Cashback for 'Preferred Products' group - INR 20L @ 0.5%, i.e. INR 10K
2. Cashback for 'Other Products' group - INR 50L @ 0.1%, i.e. INR 5K

Hence, this entity would get a total cashback of INR 10K + INR 5K, i.e. INR 15K

Note: Any completed order for 'Preferred Product' group with Seller Commission rate charged below 2.5% would not be considered for cashback.
